

Celebrating Families Board Game – Instruction Manual

A. Objective of the Game

Through a relaxed, enjoyable, and highly interactive Celebrating Families Board Game, participants will experience the core concepts and values for their families to journey wholeness. Participants are encouraged to: ❤️ Understand themselves and their family relationships ❤️ Reflect on life choices and personal growth journeys ❤️ Build better communication and stronger connections ❤️ Discover important insights and lessons in life ❤️ Take the first step towards creating a healthy and harmonious family.

B. Significance of the Game

💡 **Seeing Life Through the Game:** Every dice roll, move forward, and interaction symbolizes a step in the life's journey.

🤝 **Building Relationships:** Enhance communication and interaction, foster mutual understanding and appreciation, and share hopes and dreams for the family.

🌱 **Practising Core Values:** Encourage participants to practise love, kindness, patience, tolerance, and gratitude through their interactions.

These values are not only experienced during the game but can also be extended into daily life and family relationships.

C. How to Play

① **Determine the Playing Order:** 🎲 Everyone rolls the dice once. The player with the highest number goes first, followed by the others in clockwise order.

② **Take Turns:** During each turn: 🎲 Roll the dice ➡️ Move forward according to the number roll ❤️ Draw a Scenario Card 📝 Record points/seeds.

③ **End of the Game:** 🎯 First player to reach or pass the Final Space ➕ 500 points; Last player: ➖ 300 points.

🏆 **The player with the highest total score wins.**

If multiple groups are playing, the game ends when the first player (in any one of the groups) reaches the Final Space of the final track. In all other groups, the leading player gets ➕ 500 points; Last player: ➖ 300 points.

👥 **Players per Group:** 4–5 participants

🕒 **Duration:** Approximately 45 minutes

🚀 **Each player may use one Acceleration Opportunity** when needed (deduct 100 points).

🏠 **Playing Piece Selection**

🏠 **House Token**

👤 **Character Token** ➕ 100 points; will have additional responsibilities: ☒ Enforce the game rules ☒ Verify group members' score sheets.

🎲 **Game Board / Table Mat:** 12 Coloured Tracks

❖ **Standard Mode:** 12 tracks × 7 spaces = 84 spaces

❖ **Fast Mode:** 12 tracks × 5 spaces = 60 spaces (i.e., skip the last two spaces of each track, and players move directly to the next track). When there are many participants and time is limited, the event host may decide before the game begins whether all players will use Fast Mode.

⚡ **Final Space (Ending point)**

The 7th space of the final track, or

The 5th space of the final track (In Fast Mode)

D. Game Components and Important Notes

❖ **Game Components:** Please check them before use. Return all to the box after use.

❖ **Scenario Cards:** Check that each of the 12 sets contains 9 cards. Please maintain the correct card order both before and after use.

❖ **Game Board:** Wipe it with water only if dirty. Do not use detergents or machine wash it.

❖ **Score Sheet:** Get it from the bottom of the out box or scan QR code to print it out.

❖ **Instruction Sheet:** Please fold and safekeep after use.

- Game components**
1. Game Board × 1

 4. Character Token × 1
 5. Number Dice × 1
 6. Instruction Sheet × 1
 7. Score Sheet (on the bottom of the outer box)

E. Board Game Track and Scenario Cards

① Track Icons and Scenario Card actions and Scores

Illustration	Description
Blank Space	When a player lands on a Blank Space, draw 1 Scenario Card matching the track color, read aloud the content on the Left Side , and record the score.
★ ★	Star Space is a fast track When a player lands on a Star Space, immediately advance to the next Star Space. Then draw 1 matching Scenario Card, read aloud the content on the Left Side, and record the score. Notes: 1. The last Star Space should not move directly to the Finish Space. 2. If a player falls significantly behind while on Tracks 1 to 6, may use a one-time Acceleration Opportunity, subject to a deduction of 100 points. 3. The player to use the Acceleration Opportunity should declare first and deduct 100 points, then immediately advances to the Star Space on the next track, draw 1 matching Scenario Card, read aloud the content on the Left Side, and record the score.
♥ ♥	Heart Space When a player lands on a Heart Space, draw 1 matching Scenario Card, interact with the indicated player(s) shown on the card, and read aloud the content on the Right Side. Both you and the indicated player(s) must record the seeds gained or lost.
↻ ↻	Buffer Zone When a player lands on the Buffer Zone, immediately return to the Starting Point and receive 300 reset bonus points.

② Scenario Cards and Scoring Tracks

Illustration	Scenario Card Actions and Scores
	➤ 108 Scenario Cards, matched to the 12 colored tracks on the game board. ➤ Each theme has 9 cards. Every card has a Left Side and a Right Side. ➤ Before first use, shuffle each color set separately.
	➤ Left Side: Personal growth or life reflection. The score shown in the circle (-50, -100, -200, +50, +100, +200) represents the impact of different life experiences. ➤ Right Side: A sharing, discussion, or teamwork task. The orange icon represents the active player, who interacts with the indicated player(s) (left, front, right, or the whole group). The number beside each icon indicates the number of seeds gained or lost (-1, +1, +2, +3). ➤ For groups of more than 4 players, the active player may choose one player in the indicated direction to interact with. ➤ After completing each Scenario Card, record the score or seeds gained / lost on the score sheet.
